BOUNTY PROGRAM

QUORA
(6% of the total bounty pool):

〉 To earn the NAI tech's Quora bounty you must post 5 constructive responses. (20 points per answer)

〉 All answers must be published over a longer period of time and not all at once.

〉 Each response must be 300 words long and must also include an image.

〉 Each post must contain NAI tech's website and our telegram link.

〉 Your answers must be on topics like Financial markets, Cryptocurrencies, ICO, Bitcoin, Ethereum, Blockchain, Bitcoin News.

〉 All the participants of Quora bounty must help each other and promote each others answers and up-votes.(And down-vote competing/negative answers).

〉 Your answers must not reflect poorly or devalue NAI Tech or its token sale in any way.

You will be able to earn extra 50 points for every 500 views for your answers.

Terms and conditions of the bounty program

〉 All bounties are to be paid on a first-come-first-served basis.

〉 After you get accepted on the application stage and get approved, you will receive an email and a link for your submissions.

〉 Once you have submitted your campaign, it will be analysed/reviewed against the campaign's criteria.

〉 Any attempts to abuse the system will result in permanent forfeiture of all bonus opportunities.

〉 One submission of bounty campaign at a time.

NOTE: In order to view and receive the total tokens earned, you must register on our website. Bounties will be paid within two weeks of token creation and allocation.
